Am June 13

Troy, N. Y., Octob. 11th 1871.

Dr. G. Engelmann.

Dear Sir,

Please send me by mail the specimens of roses and of other western plants which you intend for M. Fr. Rejini. I will forward them to him. And if it were not so great a presumption on my part, I would tell you that any specimens of western plants which you would include for me, would be very thankfully received. I made a small collection of North-American plants, and I have not much more than what I gathered around our city of Troy.

Very truly yours,
P. A. Tristant.
